November 14, 2007

**Dear Mark,**

THIS IS SO IMPORTANT - PLEASE TAKE SOME TIME TO FILL OUT THIS QUESTIONNAIRE AND SEND IT TO THE CITY STAFF. If you live in Sandy Springs, inside the Perimeter or drive through this area your opinion is needed.

**Livable Center's Initiative Questionnaire due November 26**

- The Livable Center's Initiative Study (LCI) is a City of SS sponsored study to identify ways to improve the "livability" of the Roswell Road Corridor South of 285 to the Atlanta City Limits (and West to East from Lake Forrest to High Point)
- This study will assess the subject area's current land use patterns, transportation patterns, pedestrian access and urban design elements
- The results of this study will be submitted for State and Federal funds established for city transportation improvements

While filling out this questionnaire, consider this:

- The soon to be adopted CLUP still includes a plan for this area, the LCI study has the potential to push zoning decisions by the City Council to higher density and more traffic that impact our neighborhoods
- If you think we have enough of any of the categories (ie. do we need more drug stores?) be sure you reflect that view in your responses
- If protecting the surrounding neighborhoods for residential use is important to you, consider in your responses how it might impact traffic diversion from Roswell Road to Lake Forrest and High Point as well as neighborhood cut-through traffic

Please download the questionnaire from this link and fax (770-206-2578) or mail it in by November 26, 2007. <http://files.sandysprings-ga.org/cip/LCI%20QUESTIONNAIRE.pdf>

This will take you directly to the survey, which you can print and send to City Staff - Mark Moore (we asked the City for an online version but this link is what we received) - it's SO IMPORTANT PLEASE TAKE THE TIME TO DO IT.

Thank you for your interest and support.

Sincerely,

Sandy Springs Council of Neighborhoods
